

# Kersey Parish Council Reserves Policy

Auditors recommend that general reserve levels should be for reasonable working capital. Kersey Parish Council policy is to aim for general unmarked reserves to lie between a range of 6-12 months gross expenditure. There should be reserves to meet objectives and commitments, also unforeseen additional costs i.e. maintenance of fixed assets, legal fees etc. Kersey Parish Council will hold earmarked reserves for a number of items in order to ensure funds are available for projects and irregular payments do not make the budget/precept fluctuate unnecessarily.

## **Footpath Working Group, KCPC Working Group and Millennium Book Fund**

Funds held for the above groups are held as allocated reserves.

## **Training reserve**

New Councillors are all expected to attend initial training. Councillors and the Clerk will attend relevant training as needed. A reserve will be built up so there are funds available for necessary training, particularly following the election of new Councillors. Any training budget left at the end of a financial year will be added to the training reserve for use in future years.

## **Defibrillator and Village Emergency Telephone**

Funds for this project are held in an allocated reserve. Any defibrillator/VETS budget left at the end of a financial year will be added to the defibrillator/VETS reserve for use in future years.

An allowance will be allocated in the budget each year for the below items to build up an appropriate reserve.

## **Audit**

Under the audit regulations the Parish Council may be exempt from external audit. This cannot be confirmed until after the end of the financial year. The reserve will cover audit fees should they be incurred.

## **Election Provision**

If an election was a stand-alone contested election the cost would be approx. £1,200. The cost of a contested election held alongside another election would be approx. £750, if it was uncontested and held alongside another election then the costs would be reduced to approx. £110.

## **Church Walk Future Maintenance**

Following the major surfacing works in September 2005 for Church Walk (the vehicular access road from Mill Lane, past the school to the Church lychgate) the Parish Council agreed to start a fund which could be used as a contribution to any future maintenance of Church Walk. See minute ref 130/06.

## **Footpath Map**

SCC and Kersey PC have jointly produced a footpath map splitting the cost 50:50. The cost to the Parish Council to print the maps is part of the Council's commitment to promoting tourism and Kersey, also educating people about the footpaths which the Parish Council helps to maintain.

## **Fixed Asset Reserve**

To enable the Council to build up a fixed asset reserve to fund future replacement or repairs to assets without increasing the precept the Parish Council has agreed that any underspend on the budget at the end of every year should be put into the fixed asset reserve.

This Policy was adopted at a Parish Council Meeting on 2 March 2020 Minute reference: 38/20
